

# Nebraska Federally Qualified Health Centers 2024 Data

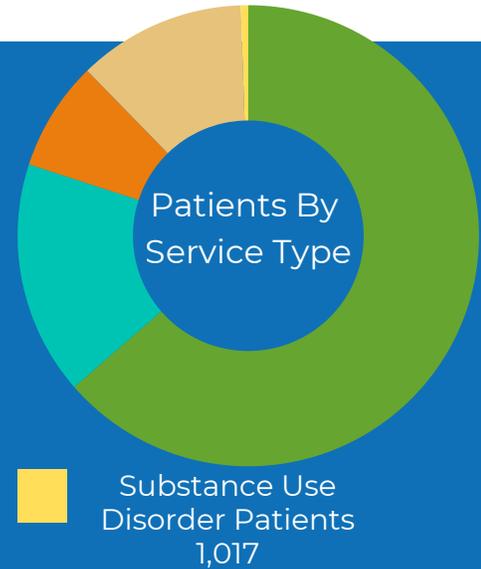

Federally Qualified Health Centers (FQHC) or community health centers, are non-profit, community-directed outpatient medical clinics providing care for everyone. They serve as a cornerstone to the health and vitality of our communities by providing medical, behavioral health, dental care and pharmacy services, caring for over 123,000 Nebraskans annually. Health centers ensure that all Nebraskans have access to high-quality, comprehensive, affordable healthcare, regardless of insurance status or ability to pay.
