

Centene Vision Van Impact Report

Overview

Between August 3rd and August 8th, 2025, the Centene Vision Van made stops from Gering to Omaha, providing FREE same-day vision screenings and glasses to Nebraska patients and families. These events coincided with 2025 National Health Center Week.

We were honored to welcome the Centene Vision Van to our communities, thanks to the generous support and partnership of Centene Corporation, Nebraska Total Care, and VedaPointe. This collaboration underscores our shared commitment to ensuring everyone has access to essential vision care. We are truly grateful for this partnership and the positive impact it brings to the patients and families served by our community health centers.

Key Impact Metrics

Total Vision Screenings	Total Prescription Glasses	Total Readers Glasses	Total ROI
-------------------------	----------------------------	-----------------------	-----------
